I came to Haiti with a vision to live among the people, by means of my small social security income, to go from house to house sharing the gospel "bon nouve'l" with the result that God would be glorified in Haiti.

**What is the value of a soul? In Ducis we found Clausel - who has become a convert out of vodou. A face reveals the victory Jesus Christ can make through His Gospel. You can be a part of this without ever leaving your town through the incredible power of prayer!**

**What is the value of a soul? In Ducis we found another woman of 80 years - who has become a convert. Again, a face reveals the victory Jesus Christ can make through His Gospel. We are so excited to serve Jesus Christ here!**

The Souls Saved in Haiti

**Dear Friends:**

**Report December, 2015**

**We praise the Lord for decisions for Christ this month in Duclair (mountain area west), Fon deblau (mountain area east), Corteau (by the sea past Port Salut and Rache Batem), Jorque, Ducis, and Port au Prince. The Lord blessed with opportunity to go in different directions and I praise Him for safety and protection and blessing with people accepting Christ as their Savior.**

**Political issues may be holding it up. Also many children are being sent home from school for lack of funds. I thank you for your consideration of these requests.**

As we lead people to the Lord and encourage them to find a church to worship their God and Savior, learn more about living for Him including following Him in baptism, and fellowshiping with the sisters and brothers in the family of God, we see the needs of pastors and churches without sources of income.
